

Digital Clock

The digital clock displays the time with the ignition switch ON (II). To set the clock:

1. Turn the ignition switch ON (II) to display the time.
2. Press and hold the H button until the hour advances to the desired time.

3. Press and hold the M button until the numbers advance to the desired time.

You can use the RESET button to quickly set the time to the nearest hour. If the displayed time is before the half hour, pressing the RESET button sets the clock back to the previous hour. If the displayed time is after the half hour, pressing the RESET button sets the clock forward to the beginning of the next hour.

For example:

- 1:06 would RESET to 1:00.
- 1:52 would RESET to 2:00.

Center Table

To use the center table, pull up the outside edge of the table until it latches. To store it, pull the lever and lower the table.
