

Your vehicle has either of the audio systems described in this section. Read the appropriate pages in this section for operation of the audio system installed in your vehicle.

- pages 138 to 153 for LX model
- pages 154 to 177 for EX and EX-L models

Also, read page 168 for how to take care of your cassette player.

If your vehicle has a different audio system from these two types, read the radio manufacturer's manual that came with your vehicle for its operation.
