

- ***On models with side airbags, do not attach hard objects on or near a front door.*** If a side airbag inflates, a cup holder or other hard object attached on or near the door could be propelled inside the vehicle and hurt someone.
- ***Keep your hands and arms away from the airbag covers.*** If your hands or arms are close to the airbag cover in the center of the steering wheel or on top of the dashboard, they could be injured if the front airbag inflates.
